

**A MURAL SPACE
FOR SERENE & PEACEFUL
REFLECTION
BY DELITA MARTIN**

RICE UNIVERSITY

HOUSTON, TX

Rice University contacted Delita to collaborate and create an artistic space for meditation and peaceful reflection.

The mural displays an original artwork of dynamic colors with background images characterized by Delita, as the *veilscape*.

These images were hand-painted on the deck to connect the seating area to the mural for a synonymous experience. The *veilscape* is a space where one connects with the spirit of self and their ancestors.

Search *Solar Studios Rice University* on Google Maps for directions to the field displaying the mural.
